

JUST INSTRUMENTS INC.

*Specializes in Process Control Instrumentation,
Calibration Testing, Repairs, Sales, Trouble-shooting,
Installation, Erection, Commissioning, Service contracts,
Custom made automation solution packages.*

- Calibration
- Trouble-shooting
- Repairs
- Sales and Service

SIEMENS

Level Instruments

- Ultrasonic, Radar
- Capacitance & others.

Flow Meters

- Magnetic
- Coriolis Mass & others.

Flow Meter

- Positive Displacement Rotor
 - Single & Double case (1/2" to 16")
 - Master Type (Stainless steel, Cast Al. & Cast iron)
- Basket Type strainers**

Balances

- Micro, Analytical & Precision

Scales and Systems

- Table Top & Platform
- X-ray based Gold Tester

Electrodes

- pH, Glass body, Gel Filled.
- Redox
- Industrial pH Sensors.

173 Advance Blvd., Unit 49, Brampton ON L6T 4Z7 Canada

JUST INSTRUMENTS INC.

- Springs for automotive industries
- Washing machines
- Cleaning machines
- Industrial washing systems

- Pressure Gauges
- Pressure Transmitters
- Thermometers
- Accessories

- Optical Instruments
- Force Instruments
- Hardness Testing Instruments
- Tachometers & Stroboscopes

TEMPERATURE & PRESSURE

- Gauges, Sensors
- PID, Electronic, Pneumatic Indicator & Recorders
- Portable instruments and calibrators
- Pressure Gauges, Switches and Transmitters
- Indicators, Controllers, Transmitters

FLOW

- Flow Meters Magnetic, Turbine, Vortex & others.
- Flow switches, Indicators, Controllers
- Flow rate totalizer, Flow computer

VALVES

- Pneumatic Valves, Safety Relief Valves
- Electrical, Pneumatic operated & On-off valves
- Pressure Reducing Valves, Cryogenic valves

LEVEL

- Level Transmitter Ultrasonic, TDR, Differential Pressure, RF—Capacitance Hydrostatic, Radar,
- Level Switch Conductivity, Vibrating Fork, Float
